

## 1.4 Norms for discharge of functions [Section 4(1)(b)(iv)]

### 1.4.3 Process by which these services can be accessed

NIB is notified Central Drugs Laboratory and Central Medical Device Testing Laboratory under these statutory provisions. The biological products are tested as per statutory standards laid down in Indian Pharmacopoeia or relevant pharmacopoeia or International norms, in the NIB laboratories. Biological samples of various categories for QC testing are forwarded to NIB from the Drug regulatory authorities of the country as part of the mandatory submission of the Performance Evaluation report required as per regulatory guidelines. Besides, samples are also accepted from several government medical organizations (medical supplies), Drug Inspectors (Survey and Samples forwarded under the Drugs & Cosmetics Act).
